Overmountain Victory Trail

The 330 mile long Overmountain Victory National Historic Trail stretches through North Carolina, South Carolina, Tennessee and Virginia. Pilot Mountain State Park

Dedicated as a National Natural Landmark in 1976, Pilot Mountain rises more than 1,400 feet above the rolling countryside of the upper Piedmont plateau and is the centerpiece of Pilot Mountain State Park. Treat yourself to a horseback ride through the woods or challenge the river from raft or canoe. A seven-mile woodland corridor joins two sections of the park, each section offering a wealth of opportunities for outdoor fun. The mountain segment, which includes the two pinnacles, contains most of the visitor facilities. The more primitive river section centers around the lazy, meandering Yadkin River.

it starts with a river.

From its headwaters near the Blue Ridge Parkway's Thunder Hill Overlook, the Yadkin River flows over 200 miles southeast into South Carolina, making it one of the longest rivers in North Carolina.

Ancient Native Americans and European settlers made their homes near its fertile banks, the life-sustaining river providing not only water, but also a means for fishing and travel. Its waterpower drove gristmills, forges, and sawmills that spurred economic development. Today, fishing, canoeing, kayaking and rafting are favorite pastimes as the river meanders around towns, farms, forests and lush vineyards.

fun happens here.

If your idea of fun includes hiking, biking, kayaking and canoeing, the Yadkin Valley offers all of that and more. Visit shops, restaurants, galleries, and antique stores, take in a farmers market or festival, tour our vast array of wineries and sample award-winning wines, then spend the night at a historic bed and breakfast or hotel.

Here, you'll discover a thriving, vibrant region, proud of its history and heritage and welcoming you to partake in its bounty.
